Aims & Outputs

Aim: To produce a visual of what a future place-based local development plan should look like.

Outputs

- Signposting a series of succinct **case-studies / exemplars** highlighting key messages for what a 'good looking plan' should be and suggestions on **how this can be disseminated** to wider planning stakeholders.
- Suggestions on content that was **previously in Supplementary Guidance**.
- A graphic showing the **connection** of the LDP to other key documents, nationally, regionally and locally.

Timeline

Support / Resources

- Working Group Overview & Sub-Group Work Briefs
- Discussion Papers
- Sub-Group sessions
- Miro.com
- On-line library
 - Diagrams collated from various publications and presentations (in Procedures sub-group section)
 - List of supplementary guidance – includes topics covered
 - Final report of A+DS work to be added.

Key Messages

- Intend for new processes to result in new style plans
> Relevant > Accessible > Deliverable > People & Place Based > Collaborative
- Outputs should reflect that national policies are under review – need to be flexible
- Aims is to keep content of regulations to minimum necessary and provide most of the supporting material in guidance
